

FF_LOUN_2-2X4

FF LOUNGER SHOWING 2X4 SEAT

CONSTRUCTION

1. The FF Lounger Bench Series is constructed of a steel powder coated base with a wood seat.
2. All units are manufactured to include adjustable glides with nylon base and nickel plated steel shell.

DESIGN CONSIDERATIONS

1. Benches are not designed to take impact to edges from skateboards or similar activities. Form and Fiber does not warranty benches against such types of impact.
2. Caution should be given to placement and exposure to urban activities.

WOOD SEAT OPTIONS

1. Designers can specify these bench applications in the following dimensional wood options below.

2x4 Seat 4x4 Seat

2. Designers can specify 2x4 seat applications in any of the wood options below.

Thermory (Ash) Kebony (Pine)

Americana (Oak)

(Reference Manufacturer's Wood Options Material Palette Sheet for more information)

3. Designers can specify 4x4 seat applications in any of the wood options below.

Thermally Modified Option Ipe (Exotic)
